

MACK LOGAN

Ferguson and Tribble Must Also Stay in Jail—To be Tried in February

Mack Logan, Buck Ferguson and Frank Tribble, charged with the murder of Chief of Police K. H. Keach, at Dawson Springs last July, were refused bail by Judge Carl Henderson at Madisonville Thursday. The three men must remain in jail until their trials in February.

The cases were continued until the February term of circuit court Wednesday because of absent witnesses.

E. H. S. ATHLETIC ASSOCIATION

The pupils of the Earlington High School met in the school auditorium Wednesday afternoon to organize an Earlington High School Athletic Association.

Miss Heller acted as chairman of the meeting and the purpose of such an association was discussed. Before the meeting was adjourned the organization was completed with Rex Hamby as president; Miss Gladys Walker, vice president; Paul Jones, treasurer; and Miss Anna West, secretary.

Rev. L. E. Clements returned Thursday from a fishing trip at Geiger's lake.

The Kuehn

Concert Company

It was a company of real musicians, who proved themselves each a delightful entertainer, that opened the Earlington High School lyceum course in the auditorium of The John B. Atkinson Memorial School building on Tuesday evening. It was the Kuehn Concert Company of Chicago. George Bruno Kuehn, violinist, is not only a finished musician on his chosen instrument, but is possessed of a fine good humor which catches his hearers through expressed in very broken English. Mrs. Kuehn is a true artist at the piano and is possessed of an engaging personality. Her work was most delightful. Hazel Folsom Duggan sang brilliantly and sweetly and softly as the varied selections demanded, charming the children or thrilling their elders as the case might be. Earl Hopkins, cellist, played his great instrument with masterful touch and beautiful tone.

Prof. Dudley and the ladies of the Parent-Teachers Association, who have made this lyceum course possible, are to be thanked and congratulated. The succeeding numbers of the course also promise to be very attractive.

CAPTAIN BEN

WILSON HONORED

During the parade of the troops at El Paso, Texas, recently Capt. Ben Wilson, of Co. G, Kentucky National Guard, was honored by being designated as one of the four captains to command a company of the Third Kentucky infantry, which was formed into four companies of war strength. This was quite an honor for the captain of the local company.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for Liver and Bowels, for Biliousness, Sour Stomach and Constipation

Get a 10-cent box now. Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

It is Up To You

The year 1888 had one figure occurring three times. This is true of each century. Twice in every century there is a treble figure. Now will you tell us when, since the beginning of the Christian Era, any figure was oftener repeated, and tell us the greatest number of times it could correctly be repeated.

FINE RAINS

BREAK DROUTH

Stock Water was Scarce and Some Mines Had Been Handicapped

Fine rains Wednesday, Wednesday night and Thursday night broke a drouth which had existed for several weeks.

In some instances farmers reported stock water was getting scarce. Some wells near the city were almost dry. Several mines in this section had been handicapped because of the water shortage.

The rains were general over the county.

Which Will The Public Believe?

The liquor organizations, through liberal purchase of advertising space in newspapers which have not yet freed themselves from liquor domination, are trying to fool the public into believing that prohibition is a failure from every point of view. Especially are they attacking the law in the newer prohibition states, even in their desperation quoting 21-year-old newspaper articles to bolster up their arguments. Their mis-statements, however, are so flagrant that they are overreaching themselves. The advertisement claiming "increase of arrests" in Denver, for example, is flatly contradicted by the facts as set forth by Denver officials. Mayor Speer is well known as a friend of the wet, yet, says the Denver Express, he "has been startled at prohibition's effect in decreasing crime." Safety Manager Bailey (quoting further from the Express) said "that he had been convinced of prohibition's benefits through the jail reports. The county jail used to house from 200 to 250 prisoners daily; it now houses one-third that number. The city jail used to house about 100 prisoners a night; it now harbors about one-tenth that number. There were 71 prisoners in the county jail Thursday and 18 in the city jail. "The two officials believe that if liquor can be entirely eliminated from the city, crime will be reduced to a surprisingly low minimum."

Quarterly Meeting Monday Night

The first quarterly meeting of the conference year will be held at the M. E. Church, South, Monday night. Rev. J. A. Goodson, of Dixon, presiding elder, will be in the city in time to preach Sunday night.

REVIVAL DOING MUCH GOOD

Large crowds are attending the revival in progress at the M. E. church and much interest is being manifested. The church is being strengthened and there has been one conversion. Rev. J. L. Burton is preaching some powerful sermons.

National Flag.

Each of the stars in the flag stands for a state. The 13 red and white stripes represent the original "Old Thirteen" states. It is said that John Paul Jones was the first to fly the flag on the ocean. But, like most every other question of any consequence, this is a subject of dispute.

The Knocker

Every community has him, every community curses him, and every community tolerates him.

He is usually an unsuccessful business man whose objectionable ways have been the direct cause of his losing in the game of life. He must needs vent his spleen on some one or some thing. Admitting no fault in himself, ergo, the fault must be in his environment, hence he knocks.

He is a pestiferous cuss, and as little as we may believe it, he really does harm.

He is sure to get the ear of many new men in town and pour into their ears his abuse of the place. According to him conditions are all crosswise. The business men are cheats and swindlers. The professional men are quacks and shysters. To his way of thinking there isn't a decent mechanic in the place. Even the laborers are lazy and trifling. The town is dead and is no place for a live man to tarry. His soured soul fairly writhes and squirms with sardonic joy when he sees that his miasmatic mouthings are having their intended effect upon the victim. That is the knocker—that is his story, his way.

If there is a public enterprise planned that needs cooperation and united effort he is immediately possessed of a superior wisdom and begins with glee to point out all of the weak spots. No calculations can by any possibility work out as intended. Men upon whom the enterprise depends will prove weak or traitors. The plans are all wrong. The whole thing is a piece of stupendous folly, and he for one will have nothing to do with it.

But what a pity he will not! That would be all the community would ask of him and his mouth.

And thus it goes on year after year.

Does it have any effect, you ask? It certainly does. The business life of a community, contrary to the opinions of many, is susceptible to influence from adverse critics. Perhaps not half of his hearers know the real cause of his pessimistic knockings, and in many minds a doubt lingers and things that should go with a rush are unaccountably slow and lagging.

But, what, say you, can we do with him?

May we make a suggestion? Every time this insect opens his mouth to knock tell him plainly that there are quite a number of roads leading away from the town, and cordially invite him to take one of them and follow it to its end.

And let every loyal citizen of the town give him the same advice.

BAPTIST ASSOCIATION NEXT MONTH

Louisville opens wide her gates to the hosts of Baptists who will assemble here November 14th. The churches of Louisville are providing homes for one thousand messengers. The railroads grant greatly reduced rates.

The Louisville Publicity League will extend every courtesy to the guests. Automobiles will convey them from the depot to their homes.

The General Association will be called to order in Walnut Street Baptist church at 4 P. M. Tuesday, November 14th. Officers will be elected and Dr. W. D. Powell, Cor. Sec'y., will read his report.

At night the reports of schools and Colleges will be read. At 8:30 the annual sermon will be preached by Rev. W. M. Stallings.

Wednesday noon, the Publicity League will serve a light luncheon.

A beautiful badge will be given each delegate. Thursday night will be State Mission night and a great number of mountain preachers will speak. This will be one of the most thrilling hours of the Association.

We cordially invite each of the 1860 Baptist churches in the State to send one or more messengers to this memorable meeting. We want them to see greater Louisville.

On Thursday afternoon the meeting will adjourn for those attending the Association to be given an automobile ride over the city. An enthusiastic welcome awaits those who come. Ten years ago the Baptists of Kentucky gave \$84,000. To all purposes this year they will give \$196,000.

GALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work

There's no reason why a person should take sickening, salivating, calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

RECRUITING OFFICERS GO TO BORDER

Recruiting officers for the Kentucky National Guard in the state have been ordered to join their companies at El Paso. First Lieut. Jas. D. Sory, Chas. Nisbet and Buford Hunter, of Co. E, who have been recruiting in Western Kentucky, left for the border yesterday.

The condition of Kinney Carroll has been worse for several days.

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.
